Subject Suggestion for Reaffirmation Agreement Form B 240

Good afternoon:

On behalf of our staff, we request consideration of a modification to the Reaffirmation Agreement Form so that the printed name and address of the creditor with whom the agreement is made is easily located in one designated location. It appears that some creditors have the form signed by a creditor's representative without any designation of the name of the actual creditor, further the creditor's address often is not found anywhere.

In those cases where a hearing is required or the agreement is not approved for some reason, it is critical to have the creditor's information so that they may be provided notice.

Thank you for reviewing and sharing this request for consideration.

Best regards,

Kelly Sweeney  
Chief Deputy Clerk, U.S. Bankruptcy Court
