Comments:

I want to briefly express my support for the proposed Rule 32.1 to the Federal Rules of Appellate Procedure. I believe it handles the important question of "unpublished" opinions correctly---effectively reversing the erroneous (and likely unconstitutional) "no citation" approach now followed by some courts --- and does so in a measured way. It leaves important questions unaddressed, to be sure, but perhaps those are best worked out in decisions first.

Sincerely,

/s/ Craig N Rosler
