Subject Request: Extension of public comment period

RECEIVED

04-CV-228

Dear Committee,

Please extend the public comment period. As a professional working in the computer industry since 1992, I am concerned that insufficient analysis has been done on the costs, and that more time would allow for comment gathering from the wider technical community, rather than e.g.: just those large corporations arguing for their own protection.

sincerely,
-Jon Slenk.
