Subject Federal Rules hearing on 1/29/07

testimony is briefly outlined as follows:

The Committee should amend the proposed Rule to apply in federal and state court, and in diversity and

federal question cases, to ensure that the Rule is effective.

The Committee should adopt limitations on subject matter waiver [502a ].

The Committee should adopt limitations on the impact of inadvertent disclosures [502b ].

The Committee should allow courts to enter agreed orders respecting privilege and disclosure [502d and e ].

The bracketed proposal on selective waiver does not enhance and protect the attorney-client privilege or work product protection and it is repecyfully requested that the provision be withdrawn from the proposed Rule.

If you need anything further, please let me know.

Thank you for your consideration in this matter. Please foprward the information as to the time and place .
