

Proposed Rule Changes 3001 and 3002.1

David Abrams o Rules_Comments

02/10/2010 11:21 AM

I fully support the proposed rule changes and believe they are necessary to prevent abusive creditor claims. It has been my custom to challenge undocumented creditor claims, especially those by debt buyers, and I have found that in a very significant number of cases there is no basis for the submitted claim. Additionally, I often find that there are frequently issues upon discharge as to whether or not arrearages have been cured and a judicial determination of such would be of great value to consumer debtors.
