**Amend Rules 3001 and 3002.1**

It is ridiculous that creditors can simply file a claim with no supporting documentation, nor any itemization of the charges and fees associated with the claims. The notion that the buyer of debt can file a claim with no substantiating documentation and that claim is valid does nothing, but reduce the moneys distributed to creditors with valid claims. Therefore, please amend rules 3001 and 3002.1
